EVENTS

DALLAS

The FIG special events venue is approximately 25,000 square feet of sleek, contemporary loft space within a mid-century modern building in The Heart of Dallas Arts District. The beautiful space is highlighted by authentic industrial design, exposed brick walls, polished concrete floors, and natural and directional lighting. Additional space includes a landscaped promenade adjacent to a private park, a spacious lobby and intimate lounge. The event space at FIG is a blank slate that can be transformed into the optimal backdrop for all types of events. From formal seated dinners and cocktail receptions, to art shows and weddings, FIG can accommodate between 20 and 1,500 guests.
